Page numbers

Abridged catalogue out **230**
Abstracts from the Convention Papers (BEPC, 1960) **13**
Abstracts from the Convention Papers (BEPC, 1961) **129**
Abstracts from the Convention Papers (BEPC, 1962) **268**
Addition to range of AEI installation accessories **331**
AEI at Earls Court **227**
AEI cables for Suez dredger **374**
AEI cables go to Russia **117**
AEI cables in the Carvair **167**
AEI Construction (Cables and Lines) Division **366**
AEI erecting pole lines for rural electrification **94**
AEI sales service in the U.K. **209**
AEI first with butyl/Hypalon cables **259**
AEI share in Cross-Channel cable contract **6**
AEI's successful Moscow showing **146**
AEI wiring in show house **37**
Agecroft, Back to **191**
Architects, For **56**
Argo of Pembroke, The **297**
Argyll-Inverness underwater link **298**
Arrowed poles take a bow **60**
A.S.E.E. Exhibition – 1961 **62**
A.S.E.E. Exhibition – 1962 **227**

Back to Agecroft **191**
Bankside water-cooled cables go in **362**
Bann, Crossing the River **99**
Barclays Bank on AEI cables **34**
Belfast, 110kV interconnectors at **363**
Belted and screened cable construction, Technical comparison of
N. B. HEWETT **352**
Berkeley, Extensive cabling at **63**
Berkeley Nuclear Power Station **159**
Big one for Leicester, A **3**
Blockley or Gorseinon ? **169**
Book reviews **40, 60, 66, 94**
Britain's biggest trawler **158**
B.E.P.C. – 1960 **9**
B.E.P.C. – 1961: Eastbourne **126**
B.E.P.C. – 1962 **230, 266**
British Standards, Progress in **179**
British Standards, New **38, 54, 66, 84, 113, 142, 169, 188, 202, 230, 249**
Buenos Aires, Cables for **125**
Building upwards in Hong Kong **242**
Butyl cables for floating dock **282**
Butyl/Hypalon and Hypalon cables, Recommendations on **330**
Butyl/Hypalon cables, AEI first with **259**
Butyl/Hypalon at Firestone Tyres **353**

Cable construction, Technical comparison of belted and screened
N. B. HEWETT **352**
Cable Division literature **241, 265, 331**
Cable Division personalities **323**
Cable-laying for Nigeria's telecommunications **88**
Cables at Leeds and Willenhall, Large AEI **118**
Cables for Buenos Aires **125**
Cables for Cuidad Delicias **310**
Cables for lighting, Selecting **330**
Cables for Spencer Works **113**
Cables in South Africa, First DSO **123**
Cables, PVC insulated **94**
Cables, PVC insulated concentric service **367**
Cabling at Staythorpe 'B' **36**
Cabling the Millbank Tower **324**
Cardowan, Coal: fifty years' supply from **274**
Carvair, AEI cables in the **167**
Catalogue, Everything for a wiring installation in this **322**
Catalogue out, Abridged **230**
Channel power link inaugurated **200**
Circulating current in power systems, Controlled **290**
Cuidad Delicias, Cables for **310**
Clyde, 240ft over the **304**
Coal: fifty years' supply from Cardowan **274**
Colossus at Llanwern **220**
Computer tools for the analysis of power system problems
A. SALZMANN **181, 203**
Concentric service cables, PVC insulated **367**
Connector box, New five-way **180**
Controlled circulating current in power systems A. SALZMANN **290**
Coolkeeragh **19**
Corrugated aluminium sheathed cable for railway feeders **33**
Cross-Channel cable contract, AEI share in **6**
Cross-Channel cable sea trials, The **85**
Cross-Channel power cables laid **134**
Cross-Channel power link – jointing the cables in mid-Channel
H. W. FLACK **175**
Cross-country faults seen by protective relays in medium-voltage networks
A. SALZMANN **354**
Crossing the River Bann **99**

Distribution boxes with special features **240**
Distribution equipment, Manufacture of castings for **215**
Distribution equipment production at Gravesend **255**
Drake & Gorham – 75 years **179**
DSO cables in South Africa, First **123**

EAF equipment **91**
Earthing in power systems
A. SALZMANN **29, 51**
Eastern Board expand systems in Buckinghamshire **228**
Eastern Region feeder **140**
E.C.A. Conference at Scarborough, The **21**
E.C.A. – Diamond Jubilee Conference 1961 **137**
E.C.A. themes – production, sales, profits (1962) **260**
EDA Annual Conference (1961) **95**
E.H.V. cable project, $3m **56**

E.I.B.A. 24, 42
E.I.B.A., Overseas readers' donation to 75
E.I.B.A. Report 190
E.I.B.A., Support for the 321
Electric power in Europe 24
Everything for a wiring installation in this catalogue 322
Expanding horizons in communications 190
Extensive cabling at Berkeley 63

Faraday Lecture 1960-61 42
Faraday Lecture 1961-62 190
Faraday Lecture 1962-63 286
First DSO cables in South Africa 123
Floating dock, Butyl cables for 282
400kV grid system for England and Wales, The 250

Gantock Beacon, Remote control of the 310
Georgetown (British Guiana) more power, Giving 370
Glasgow suburban 44
Grid system for England and Wales, 400kV 250
Green or white plastic compound 255

Harlow for Woolwich Group, New laboratories at 7
Henley's Prize Fund, W.T. 5
Highest in England 79
High rider 171
High-speed and slow-speed auto-reclosing in power systems A. SALZMANN 104
High-voltage laboratory, New 241
Hong Kong, Building upwards in 242
Huddersfield College of Technology 249

Improved PCP strip 202
Indian factory in production, New 374
Indoor terminal box, A new 296
Insect repellents for buried cables 367
Installation accessories, Addition to range of AEI 331
I.E.E. Symposium summarises plastic mains cable know-how 341
Interesting Sierack installations in Birmingham 375

Jointing skills, School for 114
Jointing the cables in mid-Channel, Cross-Channel power link: H. W. FLACK 175

Keeping up with the Army 38
Khofo, AEI cables for Suez dredger 374
Kincardine – £171 000 cabling 174

Laboratories at Harlow for Woolwich Group, New 7
Large AEI cables at Leeds and Willenhall 118
Laying alongside some of the busiest tracks in the world 306
Lead Association's booklet 219
Lead sheathing booklets 180
Leicester, A big one for 3
Letter to the Editor 24
Literature for distribution equipment and accessories 283
Live lines – no gloves 63
Llanwern, Colossus at 220
Londonderry, Preparing for the changeover in 147

Major extension to Chiltern's Sub-Area 27
Major programme under way 43
Manchester-Crewe 48
Manufacture of castings for distribution equipment 215
Matrix and iterative calculations for digital network analysis: an introduction A. SALZMANN 277
Millbank Tower, Cabling the 324
Modern paper-making 143
More students now 64
Mountain pole lines 211

Network analysis, Matrix and iterative calculations for digital network analysis: an introduction A. SALZMANN 277
Network calculations A. SALZMANN 80
New 15W Solon soldering iron 231
New five-way connector box 180
New Indian factory in production 374
New laboratories at Harlow for Woolwich Group 7
New leaflets describing Cable Division products 171
New lightning flashover theory proposed 102
New literature 101, 219
New range of 5A and 15A switches 227
News in brief 2, 26, 42, 62, 78, 98, 122, 150, 174, 194, 214, 234, 254, 286, 314, 345
Nigeria's telecommunications, Cable laying for 88
Nottingham, Over and under 287

Offices at Brighton and Preston 374
Off-the-shelf service 265
Oil vans, The 315
Oil van, Smart new 59
Once projects – now realities 133
110kV interconnectors at Belfast 363
Our readers write 39
Out – 9 million gallons of water. In – two 33kV feeders 332
Over and under Nottingham 287
Overseas readers' donation E.I.B.A. 75

Parallel branch joints, Addition to range of 249
Parallel operation of transformers having dissimilar zero sequence impedances, The A. SALZMANN 244
PCP strip, Improved 202
Peruvian Minister sees cables made 340
Planning rising mains W. P. BATTLE 347
Plastic compound, Green or white 255
Plastic mains cable know-how, I.E.E. Symposium summarises 341
Power for oil cracking 57
Power reinforcement at Swindon 122
Power systems, Controlled circulating current in A. SALZMANN 290
Power systems, Earthing in A. SALZMANN 29, 51
Power systems, High-speed and slow-speed auto-reclosing in A. SALZMANN 104
Power systems, Voltage levels in multi-voltage A. SALZMANN 151
Power system problems, Computer tools for the analysis of A. SALZMANN 181, 203
Preparing for the changeover in Londonderry 147
Progress in British Standards 179
Problem Circle 24, 76, 96, 120, 148, 172, 192, 212, 232, 252, 284, 312, 344, 376
Proposed British Standards 35
Protective relays in medium-voltage networks, Cross-country faults seen by A. SALZMANN 354
P.V.C. insulated cables 94
P.V.C. insulated concentric service cables 367

Railway electrification, 25kV 37
Recommendations on butyl/Hypalon and Hypalon cables 330
Reguplug, The 65
Reinforcing the supply for Vauxhall Motors' growing demand 59
Remote control of the Gantock Beacon 310

Resonant neutral earthing analysed by symmetrical components
A. SALZMANN 334
Restringing 132kV grid line for uprating capacity 311
Rising mains, Planning W. P. BATTLE 347
Russia, AEI cables go to 117

Scarborough, The E.C.A. Conference at (1960) 21
School for jointing skills 114
Selecting cables for lighting 330
Shortest line ever 262
Sierack installations in Birmingham, Interesting 375
Sierack – the predesigned supports that cut costs 327
Simple soil classification 24
Smart new oil van 59
Solon soldering iron, The new 15W 231
Solon, The making of a 300
South Africa, First DSO cables in 123
S.W. Region stages Cable and Construction Exhibition 360
Special cables for Space 'Ear' 55
Spencer Works, Cables for 113
Staythorpe 'B' 36, 195
Swindon contracts near completion 168
Switches, New range of 5A and 15A 227

Technical comparison of belted and screened cable construction
N. B. HEWETT 352
Terminating gland wall chart 170
Tower design, What does the U.K. want in 67
Two for street lighting 226
25kV Railway Electrification Exhibition 37
275kV work near the River Thames 68

Unarmoured submarine cable for deep-sea carrier telephony 70
Undergrounding a stretch of 132kV line 239

Voltage levels in multi-voltage power systems A. SALZMANN 151

Water-cooled cables developed for big-unit generators A. DAVIS 235
Water-cooled cables go in, Bankside 362
West country supergrid work 189
What does the U.K. want in tower design? 67
Window display in Aldwych 297
Winter replacement of railway feeders proves a tough job 368
Wiring history since 1870 180
Wiring Regulations – 4th Edition being prepared 202
Wiring regulations – interpretations 92
Wood Piddock with a taste for lead 66
Working at 80° Centigrade 308
